

We are performance! Your sales and marketing service provider for digital technologies of the future. Our goal is to be your beacon in the jungle of digitalisation. We offer tailor-made solutions in our five business fields: experience, sustainability, edutainment, digitalisation and healthcare. You can rely on us to master the challenges of the digital future together. Immerse yourself in a world where tradition and progress go hand in hand and let us build a partnership based on reliability and innovation.

VISION

Our vision is an innovative and sustainable digital world. We strive to inspire millions of people and walk the path to the future together. Every individual embodies our values and shares our vision of a digitalised world in which technology improves lives and creates opportunities for all.

MISSION

performance provides access to future technologies and combines innovation with social progress. Our technologies improve lives, protect the environment and create opportunities for all. Through creative and sustainable solutions and close collaboration with customers, partners and society, we solve the challenges of our time.

PURPOSE

Our business is a driving force in the digital world, not only providing access to the latest technologies, but also creating value through strong partnerships. Through strategic collaboration with leading companies and organisations with unique products, we want to enable our members to benefit from the innovations and opportunities of these dynamic markets.
